## FOREWORD

Many years ago, John T. Reeder was a mining executive in the rich copper country of the upper peninsula of Michigan. Besides many other hobbies, collecting stamps, Indian relics, and paintings, he was a lover of fine coins and gathered an extensive collection. This is an unusual opportunity for collectors to fill in some of their wants, as we can not always offer superior material such as this. Mr. Reeder purchased most of his coins from the Chapmans in Philadelphia, either privately or through their auction sales 30 to 45 years ago. My attributions as to condition are the same as Chapman's on his envelopes. When I began collecting coins more than 30 years ago, most of my coins were purchased from the Chapmans and I have since followed their standards in classification of condition of coins.

I personally guarantee all purchases to be as represented in the catalogue. Any lot not satisfactory may be returned within three days after its receipt and I will refund the purchase price in full plus the five per cent commission charged. I will also pay the postage both ways, which will also be refunded, with insurance fee, or any other costs. It is the policy of this firm to never sell a collector anything that they do not want, or cannot pay for, or afford to own. For many years my life work has been to make coin collecting a more pleasant part of a man's life.

In fairness to most collectors, who live at a distance in every state of the union and in Canada, and therefore can not attend an auction each month, there will be no personal attendance at this sale or at any of my sales. All bids must be by mail. We have no favorite collectors who will get any advantage over others. Collectors who live near and could attend in person are asked not to do so, as it is unfair to those at a distance, to ask me to tell them the highest bid on a coin on sale day, and then top that bid by ten or twenty-five cents. Mr. Brown of Oregon, for example, can not attend personally and only one per cent of collectors could. Let's be fair to all. Sale lots may be inspected any day before the sale, except Sundays, and by appointment only.

Unlimited bids have been discontinued at our sales, for the reason that they were not fair to the collector who lived at a distance and received his catalogue later than the others. Formerly, the collector who lived near could send a telegram with a buy bid the day after the catalogues were mailed, and far-away collectors could not compete. Please make your bid by setting your highest figure you will pay. We often buy coins for less than half the limit bid, as this is competitive bidding executed in good faith. If you want a coin as a certainty, bid very high. We won't charge you that, but only enough to get 5% over the second high bid. The bids are executed by us on sale day, just as though all of the hundreds of collectors bidding, were present at the sale in person.

For your convenience an index will be found in the back of this catalogue. As there is something in this sale for every live collector, we will expect some bids from you. Please do not disappoint us. Bids at each sale will keep your name on our list, and will keep the catalogues coming to you. Lack of interest will discontinue the catalogues, for which you can not blame us. It is my earnest wish that you enjoy the

catalogue, and that you are fortunate enough to acquire some of the fine items in this sale to improve your collection. May I again remind you to order a price list of this sale for your future reference.

Sincerely yours,

M. H. BOLENDER

## TERMS OF SALE

All coins and bills are guaranteed to be genuine, and in the condition as stated and correctly described, or your money will be refunded in full.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

No unlimited bids will be accepted from anyone, at this sale. Mark your highest limit or bid on the bid sheet, and we will buy as much under this price, as other actual bids permit. Get your bids in before the date of sale. Don't wait until the last minute. Help us with our work and we will help you get something.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and at so much per piece.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

Between the seller and buyer, my position is describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to in-

form you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

**NOTE—YOU WILL WANT A PRICE LIST OF THIS FINE AND COMPLETE COLLECTION. JUST STATE THAT FACT ON YOUR BID SHEET, WHEN YOU MAIL IN YOUR BIDS, AND WE WILL RESERVE SAME. THE SMALL SUM OF FIFTY CENTS WILL BE ADDED TO YOUR BID AFTER THE SALE. THIS WILL BE A HANDY REFERENCE OF COIN VALUES AS THEY ARE TODAY. IT WILL BE THE BEST INVESTMENT OF 50c YOU CAN MAKE, AND A JOY AND PLEASURE FOR YOUR STUDY.**

Certainly will bring a lot more money some day, when collectors begin to learn that they can buy dollars for collections as cheap as they can buy small cents and nickels, which fortunately for us dealers, are plentifully common in our stocks. The best coins to buy today, if you want to see your coins advance in price in the near future, we predict to be the silver dollars. They are due for a rise in the market, which we believe will come.
